Publication and Updating of the Code

1-11-301. PUBLICATION AND SALE OF MONTANA CODE ANNOTATED -- FREE DISTRIBUTION. (1) The legislative council with the advice of the code commissioner shall decide on the quantity, quality, style, format, and grade of all publicatons prior to having the code commissioner call for bids for the printing and binding and contract for their publication. Code of Ethics

2-2-101. STATEMENT OF PURPOSE. The purpose of this part is to set forth a code of ethics prohibiting conflict between public duty and private interest as required by the constitution of Montana. This code recognizes distinctions between legislators, other officers and employees of state government, and officers and employees of local government and prescribes some standards of conduct common to all categories and some standards of conduct adapted to each category. The provisions of this part recognize that some actions are conflicts per se between public duty and private interest while other actions may or may not pose such conflicts depending upon the surrounding circumstances.

2-2-102. DEFINITIONS. As used in this part, the following definitions apply:

(1) "Business" includes a corporation, partnership, sole proprietorship, trust or foundation, or any other individual or organization carrying on a business, whether or not operated for profit.

(2) "Compensation" means any money, thing of value, or economic benefit conferred on or received by any person in return for services rendered or to be rendered by himself or another.

(3) "Employee" means any temporary or permanent employee of the state or any subdivision thereof or member of the judiciary, including a member of a board, commission, or committee except a legislator and an employee under contract to the state.

(4) "Financial interest" means an interest held by an individual, his spouse, or minor children which is:

(a) an ownership interest in a business;

(b) a creditor interest in an insolvent business;

(c) an employment or prospective employment for which negotiations have begun;

(d) an ownership interest in real or personal property;

(e) a loan or other debtor interest; or

(f) a directorship or officership in a business.

(5) "Official act" or "official action" means a vote, decision, recommendation, approval, disapproval, or other action, including inaction, which involves the use of discretionary authority.

(6) "Public officer" includes any state officer except a legislator or member of the judiciary or any elected officer of any subdivision of the state.

(7) "State agency" includes the state; the legislature and its committees; all executive departments, boards, commissions, committees, bureaus, and offices; the university system; and all independent commissions and other establishments of the state government except the courts.

(8) "State officer" includes all elected officers and directors of the executive branch of state government as defined in 2-15-102.

2-2-103. PUBLIC TRUST. (1) The holding of public office or employment is a public trust, created by the confidence which the electorate reposes in the integrity of public officers, legislators, and employees. A public officer, legislator, or employee shall carry out his duties for the benefit of the people of the state.

(2) A public officer, legislator, or employee whose conduct departs from his fiduciary duty is liable to the people of the state as a trustee of property, is liable to a beneficiary under 72-34-105, and shall suffer such other liabilities as a private fiduciary would suffer for abuse of his trust. The county attorney of the county where the trust is violated may bring appropriate judicial proceedings on behalf of the people. Any moneys collected in such actions shall be paid to the general fund of the aggrieved agency.

(3) The following sections set forth various rules of conduct, the transgression of any of which is, as such, a violation of fiduciary duty, and various ethical principles, the transgression of any of which is not, as such, a violation of fiduciary duty.

2-2-104. RULES OF CONDUCT FOR ALL PUBLIC OFFICERS, LEGISLATORS, AND EMPLOYEES. (1) Proof of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty. A public officer, legislator, or employee may not:

(a) disclose or use confidential information acquired in the course of his official duties in order to further substantially his personal economic interests; or

(b) accept a gift of substantial value or a substantial economic benefit tantamount to a gift;

(i) which would tend improperly to influence a reasonable person in his position to depart from the faithful and impartial discharge of his public duties; or

(ii) which he knows or which a reasonable person in his position should know under the circumstances is primarily for the purpose of rewarding him for official action he has taken.

(2) An economic benefit tantamount to a gift includes without limitation a loan at a rate of interest substantially lower than the commercial rate then currently prevalent for similar loans and compensation received for private services rendered at a rate substantially exceeding the fair market value of such services. Campaign contributions reported as required by statute are not gifts of economic benefits tantamount to gifts.

2-2-105. ETHICAL PRINCIPLES FOR PUBLIC OFFICERS AND EMPLOYEES. (1) The principles in this section are intended as guides to conduct and do not constitute violations as such of the public trust of office or employment in state or local government.

(2) A public officer or employee should not acquire an interest in any business or undertaking which he has reason to believe may be directly and substantially affected to its economic benefit by official action to be taken by his agency.

(3) A public officer or employee should not, within the months following the voluntary termination of his office or employment, obtain employment in which he will take direct advantage, unavailable to others, of matters with which he was directly involved during his term or employment. These matters are rules, other than rules of general application, which he actively helped to formulate and applications, claims, or contested cases in the consideration of which he was an active participant.

(4) A public officer or employee should not perform an official act directly and substantially affecting a business or other undertaking to its economic detriment when he has a substantial financial interest in a competing firm or undertaking.

Open Meetings

2-3-201. LEGISLATIVE INTENT -- LIBERAL CONSTRUCTION. The legislature finds and declares that public boards, commissions, councils, and other public agencies in this state exist to aid in the conduct of the peoples' business. It is the intent of this part that actions and deliberations of all public agencies shall be conducted openly. The people of the state do not wish to abdicate their sovereignty to the agencies which serve them. Toward these ends, the provisions of the part shall be liberally construed.

2-3-202. MEETING DEFINED. As used in this part, "meeting" means the convening of a quorum of the constituent membership of a public agency or association described in 2-3-203, whether corporal or by means of electronic equipment, to hear, discuss, or act upon a matter over which the agency has supervision, control, jurisdiction, or advisory power.

2-3-203. MEETINGS OF PUBLIC AGENCIES AND CERTAIN ASSOCIATIONS OF PUBLIC AGENCIES TO BE OPEN TO PUBLIC -- EXCEPTIONS. (1) All meetings of public or governmental bodies, boards, bureaus, commissions, agencies of the state, or any political subdivision of the state or organizations or agencies supported in whole or in part by public funds or expending public funds must be open to the public.

(2) All meetings of associations that are composed of public or governmental bodies referred to in subsection (1) and that regulate the rights, duties, or privileges of any individual must be open to the public.

(3) Provided, however, the presiding officer of any meeting may close the meeting during the time the discussion relates to a matter of individual privacy and then if and only if the presiding officer determines that the demands of individual privacy clearly exceed the merits of public disclosure. The right of individual privacy may be waived by the individual about whom the discussion pertains and, in that event, the meeting must be open.

(4)(a) However, except as provided in subsection (4)(b), a meeting may be closed to discuss a strategy to be followed with respect to litigation when an open meeting would have a detrimental effect on the litigating position of the public agency.

(b) A meeting may not be closed to discuss strategy to be followed in litigation in which the only parties are public bodies or associations described in subsections (1) and (2).

(5) Any committee or subcommittee appointed by a public body or an association described in subsection (2) for the purpose of conducting business which is within the jurisdiction of that agency is subject to the requirements of this section.

Such persons shall also maintain the register issues published during the preceding 2 years. The secretary of state shall also maintain a permanent set of the registers.

2-6-101. DEFINITIONS. (1) Writings are of two kinds:

(a) public; and

(b) private.

(2) Public writings are:

(b) public records, kept in this state, of private writings, except as provided in 22-1-1103 and 22-3-807.

(3) Public writings are divided into four classes:

(a) laws;

(b) judicial records;

(c) other official documents;

(d) public records, kept in this state, of private writings.

(4) All other writings are private.

2-6-102. CITIZENS ENTITLED TO INSPECT AND COPY PUBLIC WRITINGS. (1) Every citizen has a right to inspect and take a copy of any public writings of this state, except as provided in 22-1-1103 or 22-3-807 and as otherwise expressly provided by statute.

(2) Every public officer having the custody of a public writing which a citizen has a right to inspect is bound to give him on demand a certified copy of it, on payment of the legal fees therefor, and such copy is admissible as evidence in like cases and with like effect as the original writing.

2-6-109. PROHIBITION ON DISTRIBUTION OR SALE OF MAILING LISTS -- EXCEPTIONS -- PENALTY. (1) Except as provided in subsections (3) through (7), in order to protect the privacy of those who deal with state and local government:

(a) no agency may distribute or sell for use as a mailing list any list of persons without first securing the permission of those on the list; and

(b) no list of persons prepared by the agency may be used as a mailing list except by the agency or another agency without first securing the permission of those on the list.

(2) As used in this section, "agency" means any board, bureau, commission, department, division, authority, or officer of the state or a local government.

(3) Except as provided in 30-9-403, this section does not prevent an individual from compiling a mailing list by examination of original documents or applications which are otherwise open to public inspection.

(4) This section does not apply to the lists of registered electors and the new voter lists provided for in 13-2-115 and 13-38-103, to lists of the names of employees governed by Title 39, chapter 31, or to lists of persons holding driver's licenses provided for under 61-5-126.

(5) This section shall not prevent an agency from providing a list to persons providing prelicensing or continuing educational courses subject to Title 20, chapter 30, or specifically exempted therefrom as provided in 20-30-102.

(6) This section does not apply to the right of access either by Montana law enforcement agencies or, by purchase or otherwise, of public records dealing with motor vehicle registration.

(7) This section does not apply to a corporate information list developed by the secretary of state containing the name, address, registered agent, officers, and directors of business, nonprofit, religious, professional, and close corporations authorized to do business in this state.

(8) A person violating the provisions of subsection (1)(b) is guilty of a misdemeanor.

2-6-110. ELECTRONIC INFORMATION -- PUBLIC ACCESS. (1) Except as provided by law, each person is entitled to a copy of information compiled, created, or otherwise in the custody of public agencies that is in electronic format, subject to the same restrictions applicable to the information in printed form. All restrictions relating to confidentiality, privacy, business secrets, and copyright are applicable to the electronic information.

(2) Except as provided by law, an agency may charge a fee, not to exceed:

(a) the agency's actual cost of purchasing the electronic media used for transferring data, if the person requesting the information does not provide the media; or

(b) expenses incurred by the agency as a result of mainframe processing charges or other out-of-pocket expenses directly associated with the request for information.

(3) An agency may also charge an hourly fee for each hour, or fraction of an hour, after one-half hour of copying service has been provided. The hourly fee may not exceed the hourly rate for the current fiscal year for a state employee classified as grade 10, step 2, under 2-18-312.

(4) For the purposes of this section, the term "agency" has the meaning provided in 2-3-102 but includes legislative, judicial, and state military agencies.

(5) This section does not authorize the release of electronic security codes giving access to private information.

[Government Structure and Administration] General Provisions

2-15-108. GENDER AND RACIAL BALANCE -- REPORT TO LEGISLATURE. (3) Prior to the 10th legislative day of each regular session, the governor shall report to the legislature on the progress made toward achieving the goals set forth in this section.

2-15-122. CREATION OF ADVISORY COUNCILS. (1)(a) A department head or the governor may create advisory councils.

(b) An agency or an official of the executive branch of state government other than a department head or the governor, including the superintendents of the state's institutions and the presidents of the units of the state's university system, may also create advisory councils but only if federal law or regulation requires that such official or agency create the advisory council as a condition to the receipt of federal funds.

(c) The board of public education, the board of regents of higher education, the state board of education, the attorney general, the state auditor, the secretary of state, and the superintendent of public instruction may create advisory councils, which shall serve at their pleasure, without the approval of the governor. They must file a record of each council created by them in the office of the governor and the office of the secretary of state in accordance with subsection (9) of this section.

(2) Each advisory council created under this section shall be known as the "...advisory council".

(3) The creating authority shall prescribe the composition and advisory functions of each advisory council created; appoint its members, who shall serve at the pleasure of the governor; and specify a date when the existence of each advisory council ends.

(4) Advisory councils may be created only for the purpose of acting in an advisory capacity as defined in 2-15-102(8).

(5) Unless he is a full-time salaried officer or employee of this state or of any political subdivision of this state, each member is entitled to be paid in an amount to be determined by the department head, not to exceed $25 for each day in which he is actually and necessarily engaged in the performance of council duties, and he is also entitled to be reimbursed for travel expenses, as provided for in 2-18-501 through 2-18-503, incurred while in the performance of council duties. 22-1-309. TRUSTEES -- POWERS AND DUTIES. The library board of trustees shall have exclusive control of the expenditure of the public library fund, of construction or lease of library buildings, and of the operation and care of the library. A separate budget request shall be submitted for new construction or for capital improvement of existing library property.

(7) make an annual report to the governing body of the city or county on the condition and operation of the library, including a financial statement. The trustees shall also provide for the keeping of such records as shall be required by the Montana state library in its request for an annual report from the public libraries and shall submit such an annual report to the state library.

(8) have the power to accept gifts, grants, donations, devises, or bequests of property, real or personal, from whatever source and to expend or hold, work, and improve the same for the specific purpose of the gift, grant, donation, devise, or bequest. After the establishment of a county free library as provided in this part, the governing body of any city which has an existing tax-supported public library may notify the board of county commissioners that such city does not desire to be a part of the county library system. Such notification shall exempt the property in such city from liability for taxes for county library purposes.

22-1-314. CONTINUED EXISTENCE OF ALL PUBLIC LIBRARIES. All public libraries heretofore established shall continue in existence, subject to the changes in administration provided herein.

22-1-315. CITY LIBRARY MAY ASSUME FUNCTIONS OF COUNTY LIBRARY. (1) Instead of establishing a separate county free library, the board of the county commissioners may enter into a contract with the board of library trustees or other authority in charge of the free public library of any incorporated city, and the board of library trustees or other authority in charge of such free public library is hereby authorized to make such a contract.

(2) Such contract may provide that the free public library of such incorporated city shall assume the functions of a county free library within the county with which such contract is made, and the board of county commissioners may agree to pay out of the county free library fund into the library fund of such incorporated city such sum as may be agreed upon.

(3) Either party to such contract may terminate the same by giving 6 months' notice of intention to do so.

(2) The expenses of a joint city-county library shall be apportioned between or among the county and cities on such a basis as shall be agreed upon in the contract.

(3) The governing body of any city or county entering into a contract may levy a special tax as provided in 22-1-304 for the establishment and operation of a joint city-county library.

(4) The treasurer of the county or of a participating city within the county, as shall be provided in the contract, shall have custody of the funds of the joint city-county library, and the other treasurers of the county or cities joining in the contract shall transfer quarterly to him all moneys collected for the joint city-county library.

(5) The contract shall provide for the disposition of property upon dissolution of the joint city-county library.

(3) Trustees shall serve without compensation, but their actual and necessary expenses incurred in the performance of their official duties may be paid from library funds.

(4) Trustees shall meet and elect a chairman and such other officers as they consider necessary for 1-year terms.

(5) The board of trustees shall have the same powers and duties as the board of trustees of a city library or a county library.

22-1-325. SHORT TITLE. Sections 22-1-325 through 22-1-331 may be cited as the "Information Access Montana Act".

22-1-326. STATE AID TO PUBLIC LIBRARIES. (1) As used in 22-1-326 through 22-1-331, "public library" means a library created under Title 7 or under 22-1-301 through 22-1-317.

(2) As provided in 22-1-325 through 22-1-329, the commission shall administer state aid to public libraries. The purposes of state aid are to:

(a) broaden access to existing information by strengthening public libraries;

(b) augment and extend services provided by public libraries; and

(c) permit new types of library services based on local need.

(3) Money appropriated for the purposes of this section may not be used to supplant general operation funds of recipient public libraries. The commission may withhold a distribution to a library that receives less support from a mill levy or local government appropriation than its average for the preceding 3 fiscal years if such a decrease may reasonably be linked to money received or expected to be received under 22-1-325 through 22-1-329.

22-1-327. STATE AID -- PER CAPITA -- PER SQUARE MILE. The commission shall distribute grants to public libraries on a per capita and per square mile basis.

22-1-328. STATE INTERLIBRARY LOAN PROGRAM -- REIMBURSEMENT -- ELIGIBILITY. (1) Each Montana library eligible for reimbursement under this section for participation in the statewide interlibrary loan program must be reimbursed according to the rules adopted by the commission.

(2) Libraries eligible for interlibrary loan reimbursement under this section include public libraries, libraries operated by public schools or school districts, libraries operated

by public colleges or universities, libraries operated by public agencies for institutionalized persons, and libraries operated by nonprofit private educational or research institutions.

22-1-329. STATE MULTILIBRARY CARD. The commission shall develop a program to allow Montana libraries to issue to residents a state multilibrary card as defined in 22-1-301.

22-1-330. COMMISSION RULEMAKING AUTHORITY. The commission may adopt rules and procedures for the distribution of state aid to public libraries on a per capita and per square mile basis, for issuance of state multilibrary cards, and for reimbursement for interlibrary loan lending.

22-1-331. BASE GRANTS. The commission shall provide a base grant for each public library to support the cooperative activities and services of the six library federations in the state.

Library Systems

22-1-401. POLICY. It is the policy of the legislature to encourage the most efficient delivery of library services to the people of Montana. To that end the state should be divided into regions within which libraries desiring to participate in the distribution of such state funding to libraries as may be available from time to time shall organize into library federations to pool resources and information and avoid duplication of effort.

22-1-402. LIBRARY SYSTEMS -- DEFINITION. Library systems shall include library federations or library networks, as defined hereafter:

(1)(a) A library federation is a combination of libraries serving a multicounty, multicity, or city-county area within a federation area designated by the state library commission. Any other public library or town, city, or county within the federation area may participate in such a federation.

(b) Two or more cities, towns, counties, or a city and one or more counties may agree by contract to form such a federation by action of their respective governing bodies or duly created boards of library trustees, provided that one of the parties is or maintains a library which has been designated by the state library commission as a headquarters library for that federation area. The participating entities may retain such autonomy over their respective libraries as may be specified in the contract.

(c) The expense of providing library services for the library federation shall be based on funds received from the state or participating libraries as shall be agreed upon in the contract. The funds of the federation shall be maintained as a separate account as shall be provided in the contract. Participating libraries shall transfer semiannually to the account all money collected for the federation in their respective jurisdiction.

(d) A participating entity may withdraw from a federation according to the terms for withdrawal provided in the contract by the action of its governing body or by a majority of its qualified voters voting at a general or special election.

(2) A library network is an agreement between individual libraries or library systems, which may be intercity, intrastate, or interstate, for the exchange of information or to provide specific library services not provided in existing library federations.

22-1-403. PARTICIPATION IN THE FEDERATION. (1) When a library federation shall have been established, the legislative body of any government unit in the designated library federation area may decide, with the concurrence of the board of trustees of its library if it is maintaining a library, to participate in the library federation. Each local entity may determine the amount of services it wishes to supply to fulfill the needs of its unit. After the necessary contract has been executed and beginning with the next fiscal year, the governmental unit shall participate in the library federation and its residents shall be entitled to the benefits of the library federation and property within its boundaries shall be subject to taxation for library federation purposes.

(2) The board of regents of higher education may contract with the government of any city or county, or the governments of both the city and the county, in which a unit of the Montana university system is located for the establishment and operation of joint library services. Any such contract which proposes the erection of a building shall be subject to the approval of the legislature. Any joint library services established pursuant to this section shall be operated and supported as provided in such contract and under this part.

22-1-404. BOARD OF TRUSTEES -- COORDINATOR. (1) In a library federation there shall be a board of trustees with advisory powers only, the operation of the library federation having been specified by contract. The board of trustees of each participating library shall name one of their members to the federation advisory board of trustees, and each participating entity without a duly appointed library board shall name a layman to represent that entity on the library federation board of trustees.

(2) The librarian of the headquarters library shall serve as the coordinator of the federation and as a nonvoting member of the federation advisory board of trustees.

22-1-405. BOARDS OF TRUSTEES -- AUTHORITY -- RESOLUTION OF DISAGREEMENTS. (1) The board of trustees of a library federation shall act as an advisor to the participating libraries and their boards of trustees.

(2) Control over the budgets and administrative policies of participating libraries shall remain in the boards of trustees as provided in 22-1-309.

(3) Any disagreement among participants in a library federation regarding the apportionment of funds or grants received from the state library commission shall be resolved by the state library commission.

22-1-412. PURPOSE. It is the purpose of 22-1-412 and 22-1-413 to establish a program whereby state funds may be appropriated to the Montana state library commission to provide the benefits of quality public library service to all residents of Montana by developing and strengthening local public libraries through library federations as defined in 22-1-402.

22-1-413. ADMINISTRATION BY MONTANA STATE LIBRARY COMMISSION. The Montana state library commission shall receive and administer the appropriation for state funding to public library federations. The commission shall allocate such appropriation among such types of grant programs and shall allocate funds among federations according to such formulas for distribution as it shall establish from time to time by rules adopted pursuant to 22-1-103. Federations receiving state funds from the commission

shall report semiannually to the commission concerning the progress of the various project for which state funding was received, which reports shall contain an accounting for all state funds received.

The collections of laws, decisions of courts, law reports, textbooks, legal periodicals, and miscellaneous books and journals together with pamphlets, papers, maps, charts, and manuscripts in the law library or belonging to the law library or acquired by or donated to the law library constitute the law library, and the title to all of the property constituting the law library must be in the state of Montana, subject to the custody and control of the library board established in 22-1-502.

22-1-502. LOCATION -- CONTROL BY BOARD OF TRUSTEES. 22-1-503. AUTHORITY OF BOARD. The powers and duties of said board are as follows:

(1) to make rules, not inconsistent with law, for the government of the board and for the government and administration of the state law library, including rules designating when and for what periods of time the library shall be open to the public and the office hours of the library;

(2) to appoint a librarian and prescribe the duties of such librarian when not otherwise provided for by law;

(3) to sell or exchange duplicate copies of books and pay the moneys arising therefrom into the state law library fund;

(4) to see that the books and other properties of the library are maintained in good order and repair and are protected from theft or injury;

(5) to draw from the state treasury, at any time when needed for the legitimate expenses in maintaining and operating the library and acquiring books, reports, journals, and other works and properties therefor, including complete sets of statutory laws and codified laws of the United States of America, of the several states of the union, and of other jurisdictions, any moneys in the fund and available for such purposes;

(6) to establish such lawful relations and working arrangements with the library of congress of the United States, with the copyright office therein, and with the superintendent of documents of the United States as may be for the benefit and advantage of the state law library and promote the acquisition of books and other works from such sources as may be useful to those resorting to the facilities of the state law library.

22-1-506. LIABILITY FOR INJURY TO BOOKS OR FAILURE TO RETURN. Every person who defaces, tears, or otherwise injures any book or other work or who fails to return any book taken by him is liable to the state in three times the value thereof if such book is not replaced by a new one or another book of identical title, in good order and condition; and no statute of limitations shall ever be effective against the claim of the state under this section.

Interstate Library Compact

22-1-601. LIBRARY COMPACT. The Interstate Library Compact is hereby approved, enacted into law, and entered into by the state of Montana, which compact is in full as follows:

ARTICLE I. POLICY AND PURPOSE

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis; and to authorize cooperation and sharing among localities, states, and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

ARTICLE II. DEFINITIONS

As used in this compact:

(1) "public library agency" means any unit or agency of local or state government operating or having power to operate a library;

(2) "private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library;

(3) "library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

ARTICLE III. INTERSTATE LIBRARY DISTRICTS

(1) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain, and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities, and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(2) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(3) If a library agreement provides for joint establishment, maintenance, or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

(a) undertake, administer, and participate in programs or arrangements for:

(i) securing, lending, or servicing books and other publications, any other materials suitable to be kept or made available by libraries, or library equipment; or

(ii) for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof;

(b) accept for any of its purposes under this compact any and all donations and grants of money, equipment, supplies, materials, and services (conditional or otherwise) from any state or the United States or any subdivision or agency thereof or interstate agency or from any institution, person, firm, or corporation and receive, utilize, and dispose of the same;

(c) operate mobile library units or equipment for the purpose of rendering bookmobile service within the district;

(d) employ professional, technical, clerical, and other personnel and fix terms of employment, compensation, and other appropriate benefits; and where desirable, provide for the in-service training of such personnel;

(e) sue and be sued in any court of competent jurisdiction;

(f) acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service;

(g) construct, maintain, and operate a library, including any appropriate branches thereof;

(h) do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

ARTICLE IV. INTERSTATE LIBRARY DISTRICTS, GOVERNING BOARD

(1) An interstate library district which establishes, maintains, or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating

public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(2) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

ARTICLE V. STATE LIBRARY AGENCY COOPERATION

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing, and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services, or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district, and an agreement embodying any such program, service, or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

ARTICLE VI. LIBRARY AGREEMENTS

(1) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

(a) detail the specific nature of the services, programs, facilities, arrangement, or properties to which it is applicable;

(b) provide for the allocation of costs and other financial responsibilities;

(c) specify the respective rights, duties, obligations, and liabilities of the parties;

(d) set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(2) No public or private library agency shall undertake to exercise, itself or jointly with any other library agency, by means of a library agreement, any power prohibited to such agency by the constitution or statutes of its state.

(3) No library agreement shall become effective until filed with the compact administrator of each state involved and approved in accordance with Article VII of this compact.

ARTICLE VII. APPROVAL OF LIBRARY AGREEMENTS

(1) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed

to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 90 days of its submission shall constitute approval thereof.

(2) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (1) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

ARTICLE VIII. OTHER LAWS APPLICABLE

Nothing in this compact or in any library agreement shall be construed to supercede, alter, or otherwise impair any obligation imposed on any library by otherwise applicable law nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

ARTICLE IX. APPROPRIATIONS AND AID

(1) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(2) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

ARTICLE X. COMPACT ADMINISTRATOR

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrator of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

ARTICLE XI. ENTRY INTO FORCE AND WITHDRAWAL

(1) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(2) This compact shall continue in force with respect to a party state and remain binding upon such state until 6 months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

ARTICLE XII. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

22-1-602. EXECUTIVE OFFICER OF STATE LIBRARY COMMISSION AS ADMINISTRATOR. The executive officer of the state library commission shall be the compact administrator of the Interstate Library Compact.

Title 50 (Specific codification not yet available)

Section 1. STATE HEALTH CARE POLICY. (1) It is the policy of the state of Montana to ensure that all residents have access to quality health services at costs that are affordable. To achieve this policy, it is necessary to develop a health care system that is integrated and subject to the direction and oversight of a single state agency. Comprehensive health planning through the application of a statewide health care resource management plan that is linked to a unified health care budget for Montana is essential.

(2) It is further the policy of the state of Montana that the health care system should:

(a) maintain and improve the quality of health care services offered to Montanans;

(b) contain or reduce increases in the cost of delivering services so that health care costs do not consume a disproportionate share of Montanans' income or the money available for other services required to ensure the health, safety, and welfare of Montanans;

(c) avoid unnecessary duplication in the development and offering of health care facilities and services;

(d) encourage regional and local participation in decisions about health care delivery, financing, and provider supply;

(e) facilitate universal access to health sciences information;

(f) promote rational allocation of health care resources in the state; and

(g) facilitate universal access to preventive and medically necessary health care.

(3) It is further the policy of the state of Montana that regardless of whether or what form of a health care access plan is adopted by the legislature, the health care

authority, health care providers, and other persons involved in the delivery of health care services need to increase their emphasis on the education of consumers of health care services. Consumers should be educated concerning the health care system, payment of services, ultimate costs of health care services, and the benefit to consumers generally of providing only services to the consumer that are reasonable and necessary.

Each statewide plan must include incentives for market control. Each statewide plan must contain recommendations that, if implemented, would provide for universally accessible, medically necessary, and preventive health care by October 1, 1995. Both plans must be voted on by the 1995 legislature. The legislature may return one or both plans to the authority for further development.

Section 6. FEATURES OF STATEWIDE PLANS. (1) Each statewide plan under section 5 must contain the features required by sections 7 through 9 and 11 and this section.

The authority shall grant the petition if it appears by a preponderance of the evidence that the petitioning county's health care interests are more strongly associated with the region that the county seeks to join than with the region in which the county is located. If the authority grants the petition, the county is considered for all purposes to be part of the health care planning region as approved by the authority.

(3) Within each region, the authority shall establish by rule a regional health care planning board. Each board must include one member from each county within the region. (b) It is the objective of the Montana state library commission to foster the development of strong library federations in accord with statutory public policy.

(3)(a) The state library commission affirms its belief in the basic policies which govern the services of all libraries stated in the Library Bill of Rights, Freedom to Read Statement, Intellectual Freedom Statement, Resolution on Challenged Materials and Statement on Labeling of the American library association.

(b) The library commission supports the principle that freedom to read is the right of every citizen.

(4) To serve the people of Montana, the commission maintains a state library which provides materials and services:

(a) to supplement the resources of local libraries through services to federations;

(b) to provide lending reference and readers' advisory services directly to:

(i) state government officers and employees and federal or other governmental agencies to support the research needs of the agencies;

10.102.4001 REIMBURSEMENT TO LIBRARIES FOR INTERLIBRARY LOANS

(1) Definitions used in this section include:

(a) "Interlibrary loan" means the loaning or provision of copies of library materials from one Montana library to another Montana library. Such materials are to include, but are not limited to, the following: book, copy in lieu of book, magazine/periodical, copy in lieu of magazine/periodical, audiovisual title, government document/technical report and pamphlets, some of which are to be returned.

(b) "Libraries eligible for interlibrary loan reimbursement" means public libraries, libraries operated by public schools or school districts, libraries operated by public colleges or universities, libraries operated by public agencies for institutionalized persons, and libraries operated by nonprofit private educational or research institutions.

(2) Reimbursements will be made on a quarterly basis based on the following:

(a) Reimbursement will be made at a rate determined by the state library.

(i) This rate is based upon an estimated number of annual interlibrary loans in Montana and available funds.

(ii) This rate may be adjusted if deemed necessary by the state library, by dividing any remaining funds by the number of interlibrary loans claimed for reimbursement.

(b) A form for requesting reimbursement will be issued by the state library. No reimbursement shall be made to any library which does not use the reimbursement form to submit its reimbursement request, or which fails to meet specified submittal deadlines for such requests.

(c) Each quarterly payment shall be made only for interlibrary loans within the specified quarter for which reimbursement funding is available. No count of interlibrary loan transactions shall be carried over from one quarter to another.

(d) Reimbursement will be made within 30 working days after the submittal date.

(e) No library may levy service charges, handling charges, or user fees for interlibrary loans for which it is reimbursed under the provisions of 22-1-325 - 22-1-331, MCA and these rules.

(i) Actual charges for postage are discouraged but not expressly prohibited under these rules.

(ii) Costs for special postal handling of interlibrary loan requests, when requested by the borrowing library, are chargeable costs.

(iii) Interlibrary loans, when completed via telefacsimile, also count as reimbursable interlibrary loans. Costs associated with such telefacsimile transmission are chargeable if such transmission was specified by the requesting library. Such transmissions qualify as special handling.

(iv) Per page photocopying charges may not be separately charged to the borrowing library but are assumed to be covered by the reimbursement under these rules.

(f) Providers of interlibrary loan are expected to follow the law in relation to copyright.

(g) Libraries applying for interlibrary loan reimbursement under 22-1-325 - 22-1-331, MCA and these rules must retain certain records as follows:

(i) The library requesting reimbursement shall retain records of interlibrary loans which support and agree with the number submitted for reimbursement.

(ii) Libraries requesting reimbursement shall retain their records of interlibrary loan transactions for a period of three years and must produce these records for auditing purposes.

(h) For any questions arising because of this rule, the final arbiter is the state library commission.

10.102.4003 DIRECT STATE AID TO PUBLIC LIBRARIES FOR PER CAPITA AND FOR PER SQUARE MILE SERVED (1) Definitions used in this section include:

(a) "Public library" means those libraries as defined in 22-1-303 through 22-1-317 MCA, and in Title 7 MCA.

(b) "Population" means those official, final figures from the most recent decennial census of population produced by the U.S. bureau of the census.

(c) "Leftover population" means the population count remaining in each county after the population counts of each municipality with library service are subtracted.

(d) "Additional population" means the population count which is to be credited to each public library based on the proportion of that municipality's population to the total population of the county.

(e) "Leftover square miles" means the number of square miles left in each county after the square miles of each municipality with public library service are subtracted from the total number of square miles in the county.

(f) "Additional square miles" means the number of square miles credited to each public library, based on the proportion of that municipality's population of the total population of the county.

(2) The per capita portion of the direct state aid to public libraries will be distributed annually based on the following:

(a) In counties which have county-wide library service from one public library, or in which only one municipal public library exists, the most recent decennial census figure will be multiplied by the amount of state aid available per capita in each year.

(b) In each county with more than one municipal public library, the following procedure will be employed:

(i) The population counts of all municipalities with public libraries are added together and subtracted from the total county population resulting in the leftover population figure.

(ii) Each year all monies received by these libraries from the county commission are added together; each year each library's total is divided by the total amount received by all the libraries to determine the percentage of money given to each library by the county.

(iii) The leftover population figure is multiplied by the percentage of money each library receives from the county in order to determine the additional population figure which will be credited to each library.

(iv) The municipal population and additional population figures are added together to determine the total population which will be credited to each library.

(v) For each library the total population credited to each library is multiplied by the amount of per capita state aid available in each year to determine the total per capita support.

(vi) In the case of counties in which no county aid is provided to municipal libraries, the additional population credited to each library is based solely on the ratio of each municipal library's service area population to the total county population.

(vii) In the case of counties in which only one of two or several municipal libraries receives county aid, the library receiving county aid is credited with the entire county population exclusive of the population present in the service area populations of any other municipal libraries.

(viii) The population counts of legally annexed areas, as determined by the latest decennial U.S. census, will be credited to the municipality annexing the area the year following the annexation.

(3) The per square mile portion of the direct state aid to public libraries will be distributed annually based on the following:

(a) In counties which have county-wide library service from one public library, or in which only one municipal public library exists, the total square miles of each county will be multiplied by the amount of state aid available per square mile in each year.

(b) In each county with more than one municipal public library, the following procedure will be employed:

(i) The number of square miles of all municipalities with public libraries are added together and subtracted from the total number of square miles in the county to determine the leftover square miles.

(ii) The population counts of all municipalities with public libraries are added together, and each library's population is divided by the total county population to determine the percentage of the county population credited to each library.

(iii) The leftover square miles figure is multiplied by the percentage of the county population credited to each library in order to determine the additional square miles to be credited to each library.

(iv) Each municipality's square miles are added to their appropriate additional square miles to determine the total square miles credited to each library.

(v) For each library the total square miles credited to each library is multiplied by the amount of per square mile state aid available in each year to determine the total square mile support.

(4) In the case of library districts which are not defined by municipal or county boundaries, but by boundaries such as school districts, both the per capita and the per square mile state aid will be distributed using the appropriate boundaries and population figures as if they were municipal or county boundaries and counts.

(5) In each county which has no public libraries, the state library will contact the county commission indicating that the county will qualify for per capita and per square mile state aid if the county commission establishes county-wide library service as provided for in state statute, or if the county commission contracts for library services with another county or municipal library as provided for in state statute. If such means are not established within a six-month period following written notice received from the state library, the state aid which would have gone to the county will be allotted to the federation headquarters library in whose area this county is located for use in federation activities.

(6) For any questions arising because of this rule, the final arbiter is the state library commission.

10.102.5101 DESCRIPTION OF FEDERATION AREAS AND HEADQUARTERS (1) A list of federation areas and headquarters libraries is available without charge from the Montana state library.

10.102.5102 ALLOCATION OF FUNDING BETWEEN FEDERATIONS AND GRANT PROGRAMS (1) At its first meeting following receipt by the library commission of the estimate of the appropriation to public library federations the commission shall allocate all funds received up to $500,000 to library federations according to the following formulas:

(a) The portion of the appropriation allocated to library federations shall be distributed among the six federations according to the following formula: 50% of the first $250,000 shall be divided equally among the six federations and 50% shall be allocated on the basis of population within the six federations.

(b) Any appropriation in excess of $250,000 shall be divided according to the following formula: 20% of the remainder shall be allocated equally among the six federations, 80% of the remainder shall be allocated among the six federations on the basis of population.

10.102.5103 GRANT PROGRAMS AND APPLICATION PROCEDURE (1) The commission may allocate any funds in excess of $500,000 at its second meeting following receipt of the estimate from the office of budget and program planning to grant programs.

(a) Application for grants shall be made in writing to the state library commission giving such detail as may be necessary to satisfy the commission.

(b) Applications from library federations must indicate the extent to which the grant is expected to help libraries achieve levels of service or strength as prescribed by the Montana public library standards.

(c) Grant applications from federations, individual libraries and library networks shall be approved by the board of trustees of the library or library network.

(d) The applications shall be submitted to the library commission not later than four weeks after the library commission announces the portion of appropriations set aside for grant proposals at its next scheduled meeting. Brief oral presentations in support of proposals are invited and questions may be asked by the commission.

(e) The commission may limit the length of discussion on grant applications.

(f) Any funds not allocated by the library commission to grant proposals shall be distributed in accordance with the formula for allocation of the state appropriation to library federations as set forth in ARM 10.102.5102 (1)(b).

10.102.5104 PRIORITIZATION OF GRANT APPLICATIONS (1) The commission shall prioritize grant applications by reference to the following unprioritized list of fundable grant program features:

(a) Projects which enable libraries to meet one-time capital investment costs in collection development or automation of libraries.

(b) Programs to provide assistance to local libraries in strengthening personnel.

(c) Proposals which strengthen the ability of local libraries to play their role in community centers.

(d) Pilot projects to enable federations to utilize the resources of all member libraries.

(e) Statewide projects which involve all federations or which enable federations to cooperate in offering services.

(f) Pilot projects to strengthen core services which can be continued through regular federation funding.

(g) Special projects which enable libraries to serve special clients or address areas needing special attention.

(h) Projects that enable local libraries and/or federations to enrich or extend library services.

House Joint Resolution No. 22 (1991)

A joint resolution of the Senate and the House of Representatives of the State of Montana urging the Montana State Library and the Montana Legislative Council to work together to produce guidelines for the use of acid-free paper for publication of state documents.

WHEREAS, it has been known for at least 3 decades that residual acids in most paper produced since the mid-19th century have drastically reduced the life of books and other publications and documents; and

WHEREAS, there has been a serious deterioration of the holdings of libraries and archives on the state and national levels; and

WHEREAS, one-fourth of the books in research library collections have become so embrittled that pages will break or crumble with use; and

WHEREAS, large expenditures of funds will be required during the next several decades to prevent the further deterioration of holdings printed on acidic papers by deacidifying the paper; and

WHEREAS, this problem can be alleviated by printing on alkaline paper, which is readily available and which has a prospective life of several hundred years; and

WHEREAS, Congress passed Public Law 101-423, based on Senate Joint Resolution 67 and on House Joint Resolution 226, introduced by Representative Pat Williams, to establish a national policy on permanent paper; and

WHEREAS, the National Information Standards Organization has urged American publishers to use paper meeting ANSI Standard Z39.48-1984 for the printing of publications of enduring value; and

WHEREAS, the Depository Library Council to the Public Printer of the United States adopted a recommendation on October 16, 1987, that permanent paper be used for federal government publications of enduring value; and

WHEREAS, the American Library Association adopted a resolution on January 13, 1988, urging that: Publishers use paper meeting ANSI Standard Z39.48-1984; the United States Congressional Joint Committee on Printing adopt standards for permanent papers and to encourage agencies of the federal government to use permanent paper for publications of enduring value; and appropriate agencies of state and local governments adopt similar policies; and

WHEREAS, the Montana State Library, under the governance of the State Library Commission, administers the state publications library distribution center that distributes state publications to cooperating libraries throughout Montana; and

WHEREAS, the Montana Legislative Council functions as a major publisher of state documents, such as the Montana legislative review, the House and Senate journals, and the session laws.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the State Library and the Montana Legislative Council work together to produce guidelines for the use of acid-free paper for the publication of state documents.

Glacier County Attorney

P.O. Box 1244

Dear Mr. Nelson:

You have requested my opinion on the following questions:

1. Is a county authorized to levy a tax under section 7-16-2102, MCA, to fund its participation in an interlocal agreement providing for the creation of an Interlocal Recreation Department with charge of recreational programs and facilities for the city, county, and school district involved in the agreement?

2. If the county is not authorized to levy the tax under section 7-16-2102, MCA, from what source may it lawfully appropriate funds for performance of the interlocal agreement?

Sections 7-11-101 through 7-11-108, MCA, provide for the establishment of agreements between local governmental units to furnish services and facilities to residents on a basis

of mutual advantage. Section 7-11-108, MCA, gives the contracting public agencies the specific power to appropriate funds for implementation of the interlocal agreement.

According to your inquiry, Glacier County, the city of Cut Bank, and Cut Bank High School District No. 15 desire to enter into an interlocal agreement providing for the creation of an Interlocal Recreation Department that would have charge of all recreational programs and facilities in accordance with the authority granted from each of the governmental bodies. The recreational facilities to be employed are not owned by Glacier County. For at least the first year of the agreement, the county proposes to allocate revenue sharing monies to fund its participation in the agreement. Your inquiry concerns the source from which the county may lawfully appropriate funds in the future for continuing performance of the contract.

Section 7-16-2101, MCA, gives the board of county commissioners the power to erect and maintain certain cultural, social, and recreational facilities. Section 7-16-2102(1) MCA, goes on to provide for a special tax levy for operating the facilities after their construction. The tax, however, is specifically designated for use only for "county-owned" civic, youth, and recreation centers. Furthermore, the tax monies and the income from the facilities must be kept in a separate fund deposited with the county treasurer and can be used for no other purposes than those of the facilities owned by the county. 7-16-2103, MCA.

It is apparent from the unambiguous language of these statutes that the Legislature intended to authorize the county commissioners to levy a special tax on property in the county only for the limited purpose of operating cultural, social, and recreational facilities that are owned by the county itself. Therefore, it is my opinion that the tax authorized by section 7-16-2102, MCA, may not be used to fund the county's participation in the interlocal agreement in question because the recreational facilities to be employed do not belong to Glacier County.

As stated earlier, section 7-11-108, MCA, gives the board of county commissioners the power to "appropriate funds" for legitimate interlocal agreements. 7-11-108, MCA.

There is no indication in the statute that the funds must be derived from a special tax levy. Section 7-6-2501, MCA, authorizes the annual levy of county taxes "for county purposes as may be necessary to defray the current expenses thereof..." Therefore, as long as the interlocal agreement is a valid obligation and expense of the county, tax monies collected pursuant to the general county mill levy may be used to fund the county's part in the agreement.

THEREFORE, IT IS MY OPINION:

1. A county may not levy a special tax pursuant to section 7-16-2102, MCA, to fund its participation in an interlocal agreement providing for cooperative management of recreational programs and facilities if the facilities to be operated and maintained under the agreement do not belong to the county.

2. A county may include the expenses of participation in a valid interlocal agreement in its annual county mill levy under section 7-6-2501, MCA.

Very truly yours,

HELD: The Classification Bureau of the Department of Administration has the authority to classify and to establish the grade level for the positions of state librarian and director of the Montana Historical Society.

Henry McClernan, Chairman
Montana State Library Commission

George O'Connor, President
Montana Historical Society Board of Trustees
225 North Roberts

Gentlemen:

You have requested my opinion on the following questions:

1. Does the Board of Trustees of the Montana Historical Society or the Classification Bureau of the Department of Administration have the authority to set the salary for the director of the Montana Historical Society?

2. Does the Montana State Library Commission or the Classification Bureau of the Department of Administration have the authority to set the salary for the state librarian?

Your questions have arisen due to an apparent conflict between statutes in Title 2, MCA, governing classification and pay of state employees and statutes in Title 22, MCA, giving authority to your respective boards to set salaries for the positions in question.

Specifically, section 22-3-107, MCA, delineates the powers and duties of the board of trustees of the Montana Historical Society, including the power "(3) to appoint a director, fix his salary, and prescribe his duties and responsibilities." Similarly, the State Library Commission is given the following authority by section 22-1-102, MCA:

> Librarian and assistants. The commission shall employ as its executive officer a librarian, who is a graduate of an accredited library school and is not a member of the commission, for such compensation as the commission considers adequate. The executive officer shall perform the duties assigned by the commission and serve at the will of the commission. The commission may also employ such other assistants as are required for the performance of the commission's work. In addition to their salaries while on commission business, the librarian and assistants shall be allowed their travel expenses, as provided for in 2-18-501 through 2-18-503, as amended.

The authority to hire and to set the compensation for the librarian was added to the statute in 1945. With regard to the Historical Society director, the power to appoint and to set salary was given to the board in 1963. None of the amendments to sections 22-3-107 and 22-1-102, MCA, have affected the provisions regarding salary.

On the other hand, the 1973 Legislature enacted a comprehensive plan for classification and pay of all State employees, based upon the principle of similar pay for similar work. Title 2, ch. 18, pt. 2, MCA. The Department of Administration was directed to "develop a personnel classification plan for all state positions and classes of positions in state service...except those exempt in 2-18-103 and 2-18- 104. 2-18-201, MCA. Neither the state librarian nor the director of the Historical Society are included within the exemptions of sections 2-18-103 and 2-18-104, MCA. It is my understanding that the two positions in question have been classified by the Department of Administration since the implementation of the classification and pay plan in 1975.

According to the principles of statutory construction, statutes dealing with the same subject matter are to be construed together and harmonized if possible. Crist v. Segna, 38 St. Rptr. 150, 622 P.2d 1028 (1981). However, I find that an irreconcilable conflict does exist between sections 22-3-107 and 22-1-102, MCA, and the Classification and Pay Plan Act. The Classification and Pay Plan Act is general legislation concerning the salaries of State employees, while sections 22-3-107 and 22-1-102, MCA, are special statutes specifically dealing with the salaries of the two positions in question. On the other hand, the Classification and Pay Plan Act was enacted later than the two special statutes. In this situation, two conflicting principles of statutory construction lead to two opposite conclusions. The Montana Supreme Court recently encountered a similar situation in Dolan v. School District No. 10, 38 St. Rptr. 1903, 636 P.2d 825 (1981). An irreconcilable conflict existed between the Human Rights Act and a special statute establishing a mandatory retirement age for teachers and principals. The Court noted that the Human Rights Act was general legislation enacted later than the mandatory retirement statute, and further stated:

> [T]his Court also acknowledges the existence of conflicting rules of statutory construction with regard to this particular situation. Generally, where statutes irreconcilably conflict, the latest statute supersedes the prior enactment. State v. State Board of Land Commissioners (1960), 137 Mont. 510, 353 P.2d 331. However, where general statutes and special statutes are involved, special statutes normally prevail over general. Teamsters, Etc., Local 45 v. Montana Liquor Con. Bd. (1970), 155 Mont. 300, 471 P.2d 541.

636 P.2d at 828. In determining which rule of construction to apply, the Court relied upon the following quotation from State ex rel. State Aeronautics Comission v. Board of Examiners, 121 Mont. 402, 417, 194 P.2d 633, 641 (1948):

> [A] later statute general in its terms and not expressly repealing a prior special or specific statute, will be considered as not intended to affect the special or specific provisions of the earlier statute, unless the intention to effect the repeal is clearly manifested or unavoidably implied by the irreconcilability of the continued operation of both, or unless there is something in the general law or in the course of legislation upon its subject matter that makes it manifest that the legislature contemplated and intended a repeal.

The Court found that the Legislature manifested its intention that the Human Rights Act impliedly repealed the mandatory retirement provision. The Human Rights Act contains broad antidiscrimination provisions and very explicit and limited exceptions. I am guided by the Dolan opinion in resolving your questions.

When the Legislature directed the Department of Administration to develop a classification and pay plan, its purpose was to eliminate the salary inequities which had existed prior to 1973 among the various State agencies. Each agency had its own salary plan and State employees performing similar work were not receiving similar pay. The goal of the Legislature was to establish uniformity and equity in pay. This intent was expressed by the Legislature in House Joint Resolution 37, 1975 Mont. Laws, which integrated the salary schedules into the classification plan and provided:

> This wage and salary plan is in lieu of any other plan or system of pay increases for classified state employees.

Further, the Classification Act provides that the Department of Administration is to have exclusive authority for classification and pay of nonexempted positions. See 2-18-205, 2-18-207, MCA. The list of exemptions contained in section 2-18-103, MCA, has been amended numerous times in order to exempt positions which were originally encompassed by the classification system. It is clear that the Legislature views section 2-18-103, MCA, as an exclusive list of specific exemptions. If a position is not exempted by sections 2-18-103 or 2-18-104, MCA, then the intent of the Legislature is to include the position in the classification plan.

While I recognize that repeals by implication are not favored, Kuchan v. Harvey, 179 Mont. 7, 585 P.2d 1298 (1978), it would frustrate the purpose of the Classification and Pay Plan Act to hold that the positions of state librarian and director of the Montana Historical Society are exempt from classification where the Legislature has not expressly approved

such exemption in section 2-18-103, MCA. Therefore, I conclude that the provisions of sections 22-3-107(3) and 22-1-102, MCA, which authorize the Board of Trustees of the Historical Society and the State Library Commission to set salary are superseded by the Classification and Pay Act, Title 2, ch. 18, pts. 1-3, MCA. The board and the commission retain the authority to hire and to assign duties and responsibilities.

THEREFORE, IT IS MY OPINION:

The Classification Bureau of the Department of Administration has the authority to classify and to establish the grade level for the positions of state librarian and director of the Montana Historical Society.

Very truly yours,

MIKE GREELY
Attorney General

John P. Connor, Jr.
Jefferson County Attorney
Jefferson County Courthouse
Boulder, MT 59632

Dear Mr. Connor:

You have requested my opinion concerning the following questions:

1. Does the Jefferson Board of County Commissioners have the authority to override a determination by the trustees of the Jefferson County Library to grant pay increases to library personnel?

2. Does the Jefferson Board of County Commissioners have the authority to modify the annual budget submitted by the trustees of the Jefferson County Library even though the amount of property taxes necessary to satisfy such budget falls within the statutory limit of five mills under section 22-1-304(1), MCA?

3. Does the Jefferson Board of County Commissioners have the discretion to levy no millage for funding of the Jefferson County Library?

I conclude that each of these questions must be answered negatively.

The Jefferson County Library was established under sections 22-1-301 to 22-1-317, MCA. In summary those provisions authorize the formulation of a city, county, or consolidated city-county free public library. Once created the library is governed by a board of trustees with broad powers and duties, including the obligation to prepare an annual budget "indicating what support and maintenance of the public library will be required from public funds" and to employ a chief librarian and such other employees as are deemed necessary to administer the library. 22-1-309(6), 22-1-310, MCA. The latter responsibility further expressly extends to fixing and paying library employees' salaries and compensation. 22-1-310, MCA. The annual budget must be submitted by the trustees to the governing body of the city or county which, in turn, may impose a property tax levy not to exceed five mills for the purpose of raising the funds required to maintain the library. 22-1-304(1), MCA. All monies deriving from such levy must be placed into the public library fund, may not be used for any purpose other than operation of the library, and cannot be distributed from the fund without order or warrant of the trustees. 22-1-304(4) and (5), MCA.

This brief description of the library trustees' powers and duties reflects substantial autonomy from the governing body of the local governmental unit within which the library has been established. See Municipal Employees Local 2390 v. City of Billings, 171 Mont. 20, 24, 555 P.2d 507, 509 (1976) ("[u]nder the Library Systems Act, as a whole, the board of trustees is given independent powers to manage and operate the library"). The trustees are thus quite clearly granted direct responsibility for administering the library in a manner largely independent of city or county control. That the fiscal operation of the library is heavily interrelated with that of the local government does not, at least insofar as the trustees have been accorded explicit authority, mean their determinations are subject to plenary review and possible modification by, in this instance, a board of county commissioners. Any different conclusion would eviscerate the trustees' authority and render them little more than the county's agents--a conclusion which is simply unsupported by a fair reading of the involved statute.

THEREFORE, IT IS MY OPINION:

1. A board of county commissioners does not have the authority to modify the decision of county library trustees concerning wage and salary amounts for library employees.

2. A board of county commissioners does not have the authority to modify an annual library budget adopted by county library trustees.

3. A board of county commissioners does not have the authority to refuse, within statutory millage limits, to levy some or all of the property taxes necessary to satisfy an annual budget adopted by county library trustees.
